

TAROT - Sacred Journey of the Soul

TAROT COUNSELING NEWS

About Katrina

The study and teaching of the ancient metaphysical laws and lessons symbolized in the Tarot is my greatest passion. Tarot cards represent the sacred journey of our soul through this existence we call life. In reading the cards they reflect back to us the aspect of our journey that is unfolding in the moment and the potential energy and wisdom we may gain from the experience or challenge we are involved with. This approach goes far beyond mere fortune telling and predictions, touching us at our core, going to the heart of the matter. Thus, the Tarot is a model and method of transformation, that magical process through which we pass from the known, over the edge of our perception, to the great mystery.

My gift in working with clients using the Tarot is enhanced by years of experience as a psychotherapist, training in the healing arts, and my calling as a spiritual guide. I blend my intuition and knowledge with my client's energy to unfold the spirits at work and their lesson for us in the reading. Sometimes, I feel like a spiritual midwife, helping new life to be born!
