TAROT COUNSELING NEWS

Computer Reports

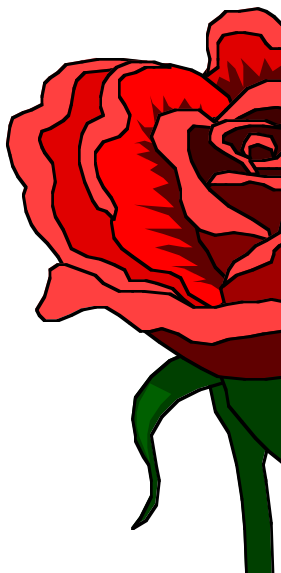

I am pleased to announce a new service in addition to Tarot Counseling and Dream Analysis work and now have computer generated *Astrology* and *Cards of Destiny* Reports.

Astrological reports come in the form of natal, transit, or relationship (composite, synastry) reports. Color charts are also available.

Cards of Destiny guide you with accurate and insightful forecasts on finances, career, travel, health, and love.

Destiny Card reports are available in two formats. The *Book of Destiny Annual Report* contains personal detailed information about one year of your life. The *Love Cards Report* covers the relationship between two people. You learn about compatibility, romance, love, marriage, karmic and past life connections.
