Sacred Journey of the Soul

SACRED JOURNEY OF YOUR SOUL

I have studied the Tarot as a book of wisdom for over 30 years and have always related to it's guidance as a companion on the Sacred Journey of my Soul.

When working with others, an important factor is looking for their path and the place where they may be stuck or at a cross-roads. Or, we focus on their greatest potential and see what additional support can be gleaned from the cards.

The 22 trumps of the major arcana represent the archetypal laws and lessons we all encounter in our lifetime. From the "Fool" to the "World" we follow a sequence of development and growth.

The "Hero's Quest" and the "Fool's Journey" are popular themes in myths and legends. In researching material for my next book, inspired by well-known sacred journeys, I studied the legend of King Arthur, the story of Jesus, and the path of enlightenment to Buddhahood for Siddhartha Guatama. Each journey is beautifully reflected in the sequence in the major arcana cards of the Tarot.

To hear more about your powerful journey, plan to attend my talk at the Body Mind Spirit Expo, in Portland, April 14 at noon in room #1. Also visit my booth in the readers' section, space #21. Come reflect on your journey in a reading!

TRANSFORMATIVE TAROT COUNSELING™ CLASSES

Symbolism in Tarot

“A picture speaks a thousand words” and each Tarot card speaks volumes. Imagine being able to pick up a card from any deck and immediately know many layers of meaning. With time and practice you are then able to match the connections between the cards in a layout to tell a story that reveals their hidden message.

In order to communicate with the Tarot, you need to learn it’s language, which is a “visual symbolic language.” To accomplish this it is essential to understand the symbols in your specific Tarot deck the way the creator of that deck intended. It is equally important to understand symbolic elements that transcend all decks.

The *Symbolism in Tarot* class not only looks at the specific images found on Tarot cards, but reveals the history behind the development of symbols and how they have been accessed and utilized as powerful tools over many centuries.

We address in this class the various types of symbols; animals, colors, movement, etc., as well as levels of symbolism; mythic, cultural, archetypal and personal.

Bring your favorite deck, or one will be provided for you. We’ll have an assortment to view and compare visually. There will also be some great exercises. You’ll be amazed at how much you will learn in just one day!

For more information about this class or others I offer, please visit my website to read the class summary.
